|             | 2) Mr. Lazzarini |

\* Max current flow => Data has been taken when machine worked properly under right conditions.

\*\* Tolerance => ±1mm,  
Joint of cooling water in / out are not measured.

Above power, current flow, water consumption and production capacity depends on various conditions, like mix / quantity / temperature / calibration / use / consumption of parts / etc.
